Enhancing and Safeguarding
New Hampshire's Tradition of Liberty

What is the New Hampshire Liberty Alliance?

The New Hampshire Liberty Alliance is a non-partisan political watchdog group dedicated to preserving your freedoms and improving public policy in New Hampshire. As advocates for the Granite State's taxpayers and citizens, the NHLA works tirelessly for smaller, more accountable government and to protect civil liberties.

Legislative Activities

The NHLA reads, reviews, and rates nearly 1,000 bills each year. Every bill is rated on its liberty impact:

- Is it constitutional?
- Does it expand the size, cost, and power of government?
- What will be the unintended consequences?

With this information, we publish a weekly update called the **Gold Standard**. Distributed to members of the House of Representatives prior to floor votes, the document is an invaluable aid in educating them whether a given bill is pro- or anti-liberty.

NHLA members are among the most active lobbyists in the New Hampshire legislative process. Working entirely as volunteers, our members represent the people of New Hampshire by offering testimony and position papers at committee meetings and hearings—often from a perspective that's foreign to legislators since there is no special interest involved.

Candidates and Elections

Our annual **Liberty Rating** is a report card which ranks state Representatives and Senators based on their votes on key legislation each year. This document serves as a helpful voting guide and a powerful method of holding your elected officials accountable.

We also support pro-liberty candidates and causes with money and volunteers. It is critical for New Hampshire voters to know if they're being represented in Concord and to support those who work towards greater individual and economic freedom.
