

# 2006 Liberty Rating for the New Hampshire House

This is the third report card issued by the *New Hampshire Liberty Alliance*, rating the representatives of the General Court. Our first report card was released at the 2004 Liberty Dinner to great fanfare, gaining us lasting attention and influence.

This year we have released our largest report card yet, based on 29 roll call votes. Our hope is to have a major impact in Concord and throughout the state for the coming year. As we did in 2004, we will use this report card, and last year's, to determine which representatives to support in the 2006 general election. This is part of our continuing work to send more friends of liberty to Concord.

Tonight we will be presenting the *Legislator of the Year* award along with highlighting the top and bottom 25 representatives for the 2006 session.

These ratings are based on pro-liberty and anti-liberty votes. *Pro-Liberty Votes* are for individual freedom of choice and personal responsibility... recognize the superiority of freedom over coercion... respect the citizen's right of self-ownership... promote good government... and recognize that voluntary economic decisions are more productive than politically motivated schemes of bureaucracies. *Anti-Liberty Votes* replace self-governance with interventionist ownership... assume agencies backed by force are superior to voluntary choices backed by personal accountability... and assume a better economy can be designed by a central authority that compels communities to pay for policies the people do not willingly support.

The *Liberty Rating* is the results of hundreds of hours of work by many volunteers who read and analyzed bills, testified before committees, called and wrote their representatives, alerted friends and neighbors to important issues, designed websites, held signs, created spreadsheets, and numerous other tasks. While this report card bears the seal of the NHLA board, it is the product of our members' commitment to liberty.
