New Hampshire Liberty Alliance

2022 Liberty Rating

This is the annual Liberty Rating issued by the New Hampshire Liberty Alliance, based on 67 roll call votes in the House and 30 in the Senate. Individual grades for each representative and senator are based on pro-liberty or anti-liberty roll call votes and sponsorship/co-sponsorship for a subset of bills that have been included in our Gold Standard liberty voting guides distributed to Senators and Representatives each session day. Each bill/vote is assigned an impact score by the NHLA considering the degree to which the bill or vote impacts (positively or negatively) liberty.

Pro-liberty bills protect individual freedom of choice and personal responsibility; recognize the superiority of freedom over coercion; respect the citizen's right of self-ownership; promote governance that is transparent, accountable, and adheres to the Constitution; and recognize the value of voluntary economic decisions.

Anti-liberty bills replace self-governance with interventionist regulation; assume rules made by agencies backed by force are superior to voluntary choices backed by personal accountability; and assume a better economy can be managed by a central authority that compels people and businesses to pay for policies they may not willingly support.

The Liberty Rating is the result of hundreds of hours of work by many volunteers who have read and analyzed bills, testified before committees, called and written their representatives, worked on our other signature publication, the Gold Standard, and culled extensive data from legislative voting records. We encourage New Hampshire citizens to learn the facts about how their elected representatives are voting in Concord and to use this tool to hold them accountable. This report card serves as a valuable voter guide when these same representatives are running for re-election.

Motions of Ought to Pass (“**OTP**”), Ought to Pass with Amendment (“**OTP/A**”), and to accept a Committee of Conference report (“C of C”) pass a bill. If we recommended yea on these motions, it was a pro-liberty bill; if nay, it was an anti-liberty bill. Motions of Inexpedient to Legislate (“**ITL**”), **Table**, or **Indefinitely Postpone** kill a bill. Interim Study (“**IS**”) will result in the matter being studied and effectively terminates the bill for this legislative session. If we recommended yea on these motions, it was an anti-liberty bill; if nay, it was a pro-liberty bill.

Scores are based primarily on roll-call votes but also include a small modifier for sponsorship score.

Legislator of the Year

The Honorable Tony Lekas represents district Hillsborough-37 (Hudson, Pelham). He is a member of the Executive Departments and Administration committee.

He was first elected to office in 2018 and he has received an NHLA Liberty rating score of A+ for each of the last two years. This year, he was one of only two representatives to receive a maximum of +5 points for sponsoring/co-sponsoring and then actively and often successfully advocating for passage of pro-liberty legislation. This included bills to require public notice of immigration checkpoints, prevent state enforcement of federal vaccine mandates and allowing for home cultivation of cannabis.

Activist of the Year

Our Activist of the year is Dennis Pratt. Liberty activism comes in many forms. Dennis attempts to do all of them simultaneously! Even before he arrived in the state several years ago, he was a tireless activist for liberty and was for a time the number one rated liberty author on the Quora social media site. He is one of the founding members of the Seacoast's SHELL liberty event space and has hosted the NH Liberty Alliance in providing bill review training sessions at the center. He was a driving force behind the 2021 and 2022 Porcfest events. He represented New Hampshire as a delegate to the 2022 Libertarian Party convention in Reno. He organized the 2022 Liberty Forum statewide bus tour. He

appeared on numerous national podcasts promoting New Hampshire and the liberty movement in the state. He's been published on the Mises Institute blog promoting liberty in New Hampshire. Thank you to Dennis for helping to make New Hampshire awesome!

House Bills utilized for Sponsorship Score

Sponsorship score acts as a capped modifier on the numeric roll call score. Each bill that appears in the Gold Standard is considered for sponsorship score. Selected bills are assigned a raw impact weight. Anti-Liberty bills have the full weight applied upon introduction. Pro-Liberty bills receive 1/3 of the weight for each step through the legislature - 1/3 for being introduced in a chamber, 1/3 for passing in chamber that bill was introduced and 1/3 for passing in the other chamber. Co-sponsors each receive half credit while the sponsor receives full credit. Finally, the impact of sponsorship score is capped at + or - 5 points with the intent being to allow bill sponsorship to only have a modest impact on the final grade. Sponsorship score allows for legislator accountability even in cases where no roll call vote exists.
